We are a faith-based counseling program, whose purpose is to provide low or no-cost counseling to the community.

We exist to serve

- Individuals & families in the community;
- Clients of the Lutheran Mission Society, and;
- Members, staff and clergy of the Lutheran church

with low-or-no-cost counseling

Why Spiritual Counseling?

If God has a role in everything in life, why keep him out of counseling when we are struggling? Doesn't our spirituality play a part in our conflicts? Sometimes it is easier to let God in, than keep him out.

Test drives are welcome! If you are interested, but have questions or hesitations, call and speak with a counselor to find out if we are a good fit.

Called to purpose in 2010, the Compassionate Grace Counseling Center operates under a need-based sliding fee.

The counseling program is entirely funded by donations, grants and session fees. In order to support the ministry, please consider contributing whatever amount you are able and feel compelled to.

However, session fees should never deter you from seeking help. If you are unable to pay your session fees, please speak openly with your counselor. As with everything, God will provide.

Our counselors are licensed mental health professionals who provide high quality counseling from a faith-based perspective.

Each of the counselors is an experienced clinician in his/her respective field, but each also believes that God has a place in counseling.
